Huntington Court

*We welcome your
family to ours.*

A Spirit of Caring

Helping your family in the care and well being of your loved one is a privilege we respect, value and welcome. Huntington Court is dedicated to three main traits that make up our mission; care, compassion and respect. We look beyond an individual's illness to discover and get to know the whole person. We strive to become partners with the family to understand the needs of our residents by making them feel welcomed and loved. Under the care of health professionals, we strive to make their days interesting, pleasant, productive and safe.

You will be amazed with the beauty and functionality of the facility, the sincerity of the staff, the one on one therapy emphasizing recovery, coupled with nutritious homemade meals, and other special services that help mend the body while the surroundings stimulate and raise the spirit.

Located off R-129 (Regional Hwy), only minutes from downtown Hamilton, Huntington Court is centrally located between Fort Hamilton, Mercy Fairfield, and West Chester Hospitals. We offer both intermediate and skilled nursing care. Whether the stay is temporary or extended, each of our guests receive care tailored to their personal needs. A clean, spacious, beautifully decorated facility staffed by dedicated, caring professionals are reasons why a recent independent survey placed us in the top tier with a satisfaction rating of over 90%.

We are here for one reason: to extend our warmth and professional support to you and yours. We strive to make your stay as smooth as possible and,

We welcome your family to ours.

The Huntington Wellness Center

We are pleased to announce the opening of our new addition, the Huntington Court Wellness Center, which is the premier rehabilitative facility in Butler County. With a separate entryway from the extended stay nursing facility, the Wellness Center offers intense therapy by caring professionals with the goal of helping you get back to your everyday life.

The majority of our guests are with us from two to three weeks. We place special attention to making your stay as comfortable and recuperative as possible. Our therapy staff is available 7 days a week and develop a program unique to your needs. State-of-the-art equipment coupled with therapists trained in physical, occupational and speech therapies ensure the best recovery possible. Our physical therapists focus attention on functional mobility, balance training, strengthening and pain management. Our occupational and speech therapists prepare activities and exercises that reflect daily living. They strive to return our guests to their highest level of function and independence.

After you're done in the fitness center, you can retreat to your oversized private suite with complimentary amenities like private bath and shower, electric bed, flat screen TV with cable, phone with private line, Wi-Fi, and rooms that are fully furnished and decorated. When developing this unit, we expected lots of family involvement. This is why we included the family cafe, family lounge, the bistro, hearth room, private terrace with wooded view, and plenty of other areas to enjoy with friends and family. It's your time to read a book, play cards, watch TV, or just have food delivered. The point is, we want you to relax and recover.

Family Testimonial

"We appreciate everything you've done for Mom. She's been in 3 other nursing homes but never received the same quality of care and heart-felt concern.

After Mom's latest set back, we couldn't believe how much quicker her recovery process moved. Mom was thrilled with her progress.

We are so thankful for all your efforts. Huntington Court's entire team did an outstanding job!"

-Love, D

Restaurant Style Dining

We take pride in our attention to meal planning, preparation, and service. A registered dietician working with our food service manager continually strives for meals that are not only nutritious but delicious as well. Therapeutic diets are prepared according to physician's orders. Individual preference is considered and substitutions are offered with each meal. Seven days a week, we feature restaurant style dining in our main dining rooms for lunch. You will be served restaurant style and will be able to pick from one of the three completely different lunch choices made especially with your likes and dislikes in mind. Diabetic and weight conscious desserts are always available. Room service is also available should that be requested.

Activities

Keeping Joy in Living

We take extra efforts to create a homelike atmosphere in our facility. Both our social service and activity programs encourage our residents to be as active and socially engaged as possible through programs designed with their special needs in mind. Our directors are trained to understand the limits and needs of all ages. Our activities support daily interaction as well as building special memories at events - like family night. There are also bus rides and a plethora of outings that keep the mind curious and the spirit longing for more.

In addition to regularly planned activities, traditional religious services are held for all faiths. Local ministries are also involved and offer meaningful devotional programs. We are very thankful to have many community groups and organizations that participate in being a part of our residents' lives.

We invite you

to call or stop by for a personal tour.

It's our pleasure to answer any questions you may have or to assist you with a financial review.

To request more information, please call our Director of Admissions at (513) 939-8001.
